Dear Sir/Madam,

Thank you for registering an interest in our Sacred Lotus. We are pleased to let you know that they are now available for sale over the next few weeks. Orders will be filled as they are received, so please place your order early to avoid disappointment.

This year we have again given you some extra options.

While we expect to be able to supply everyone with their preferred Lotus you may choose to nominate a second choice, in case your first preference is sold out.

Sacred Lotus tubers vary in size a great deal. We have found that a number of customers are happier with two smaller tubers for the same price as one larger tuber. For that reason we are asking you to nominate your preference. Once again this is a *preference* and will depend on the stock available at the time of completing your order.

This year our Sacred Lotus are again \$34.50 each. All orders are plus \$9.00 postage and packaging per order.

Regards

Neil & Nicole Ferry.
